CONTAINER
days

CDS 2022 SPONSORSHIP PROSPECTUS

MOIN MOIN!

The sails are finally set for the next edition of ContainerDays from September 05-07 and just like last year, we are going hybrid again with over 2000 attendees expected. As usual, Hamburg is our city of choice for the onsite part and we'll provide an engaging and personalized platform for our online attendees. It is the perfect place to discuss the past, present, and future of cloud native technologies with people from around the world.

This is your opportunity to present your company and enjoy plenty of benefits including networking, lead generation activities, free conference passes, and a lot more. Take a look at our Sponsorship Packages and find out whether you are a Captain, a Chief Officer or an Engineer.

2021 MEDIA & ATTENDEES FEEDBACK

"I had a wonderful time at @ConDaysEU. Many thanks to the fantastic team from @Kubermatic for bringing us back together in Hamburg."

@Manuel Stöbel

"Going back to in-person (or hybrid in this case) was a great feeling for me. I was reminded of what I enjoyed about conferences, such as meeting new people, experiencing new places, hearing case studies, and speaking directly to people to answer questions or problems."

@Chris Ward

"Thank you @ConDaysEU for being an amazing and inclusive event. it was a blast being on stage! Hopefully we see each other again in 2022."

@Mario Fahlandt

We are excited to build on this success even more next year!
